

## Rules – Tennis Singles Ladder

- Anyone can call anyone else that is in your current Box, to arrange a match.
- Once you have arranged a match with someone, make sure to book a court in a period where there are no club events (e.g. drop-ins, men's doubles league, etc).
- If a match has been set up and a player does not show up or cancels within 24 hours before the match was to have taken place, the offending player loses by Default. The player who defaults is awarded ZERO points. The "Winner" of the match is awarded 8 points.
- You are only to play each person in your box **once**.

### Scoring

- BEST TWO OUT OF THREE SETS – All challenge matches must be played in the best two out of three sets format with a seven-point tiebreaker played if any set is tied at 6-6.
- The **third set** will always be a seven-point tiebreaker.
- After the match, the winner is responsible for recording the final score at the board in the clubhouse.

Have fun!
